

Rainbow

Provision-ISR's Rainbow cameras, equipped with CNV (Color Night Vision) technology, yield sharp and superior colors even in poor light conditions, providing visual details that significantly contribute to identifying people or objects.

DV-320AR-36

2MP 24/7 Full-Color Fixed Lens Small Dome/Turret Camera

The rainbow camera series is equipped with super light-sensitive sensors that allow the camera to provide a color image throughout the day. When the ambient light is insufficient, the camera will turn on the integral lighting, allowing it to continue providing a full-color image. Featuring 4in1 technology, the camera is ideal for Plug & Play over existing analog infrastructure. With its outstanding performance, reliability, and affordable price, the DV-320AR-36 camera is the perfect solution for basic installations.
